

Michael Standohar

COO: “Chief of Other” Stuff No One Else Wants to Take Care Of

a.k.a. Director of IT, Kraft Werks Group

ABOUT ME

Driven by innovative thinking. Lover of excellent execution. Country music fan. Ohio dude. Living for the weekends.

BIO

Michael brings over a decade and a half of engineering and leadership experience to the Kraft Werks team. He’s served with global brands like UPS and Howden North America Inc. as well as Allied Machine & Engineering. With a penchant for application engineering, Michael led an initiative to grow the fluid drive business from \$3M to \$15M, managed the renovation of a 20,000 square foot office and trained distributors internationally. He’s served as the Director of Operations with Kraft Werks for over two years now.

Michael graduated from the University of Toledo with a BS in Mechanical Engineering / Technology. He’s skilled in Microsoft VBA, Microsoft Project and Microsoft VB.NET and Application Engineering.
